

**LYMAN**

**GOVERNOR**

*Better Roads Ahead*

Dear Neighbors and Friends,

I'm thrilled to share the outcome of the 2024 Utah Republican state convention. Phil Lyman emerged as the clear choice for governor, winning with 67% of the vote, demonstrating his bold vision for Utah and genuine engagement with delegates.

However, Governor Cox's speech at the convention was deeply disappointing. He attacked delegates and threatened the caucus-convention system, aiming to replace it with signature gathering, which would sideline grassroots voices and allow the election system to be controlled by money and influence. We cannot let this happen.

I'm honored to represent you in our precinct, I urge you to stand up for our values and support **Phil Lyman. He represents the future of grassroots politics in Utah and will defend our caucus-convention system.**

**Join me in spreading the word and volunteering for the Lyman for Governor campaign. Let's ensure our voices are heard and our system is protected.**

Sincerely,
